Craftsmanship Quality
Core Advantages

thickened and
wear-resistant

waterproof and
stain resistant

Anti-stain
and easy to clean

Green and
healthy

Cut freely and
install simply

Multiple colors
available;

used for 99% Wall

Renovate old walls to decorate new walls

Product Details

Self-adhesive peel and stick;

Self-adhesive, peel and stick easy installation, can be installed easily by one person
Easily refresh your home Aluminum film backing protects walls and allows for repeated sticking

Waterproof and easy to clean

wear-resistant scraper

cut freely; free cropping

thickened aluminum film

Installation steps

3D embossing Fashionable and luxurious

1

Clean the dust on the surface of the wall, and the wall should be treated to be flat and clean.

2

Measure the dimensions for overall planning To avoid unnecessary waste caused by photograph

3

Peel off the backing film on the wallpaper and paste it.

4

After pasting one, press the other one against the front edge of the previous one to squeeze out the air and flatten it.
